**WP-722 Backgammon Board**  
**14" Wide x 18" High**

Special note concerning the Backgammon Game Board Pattern:

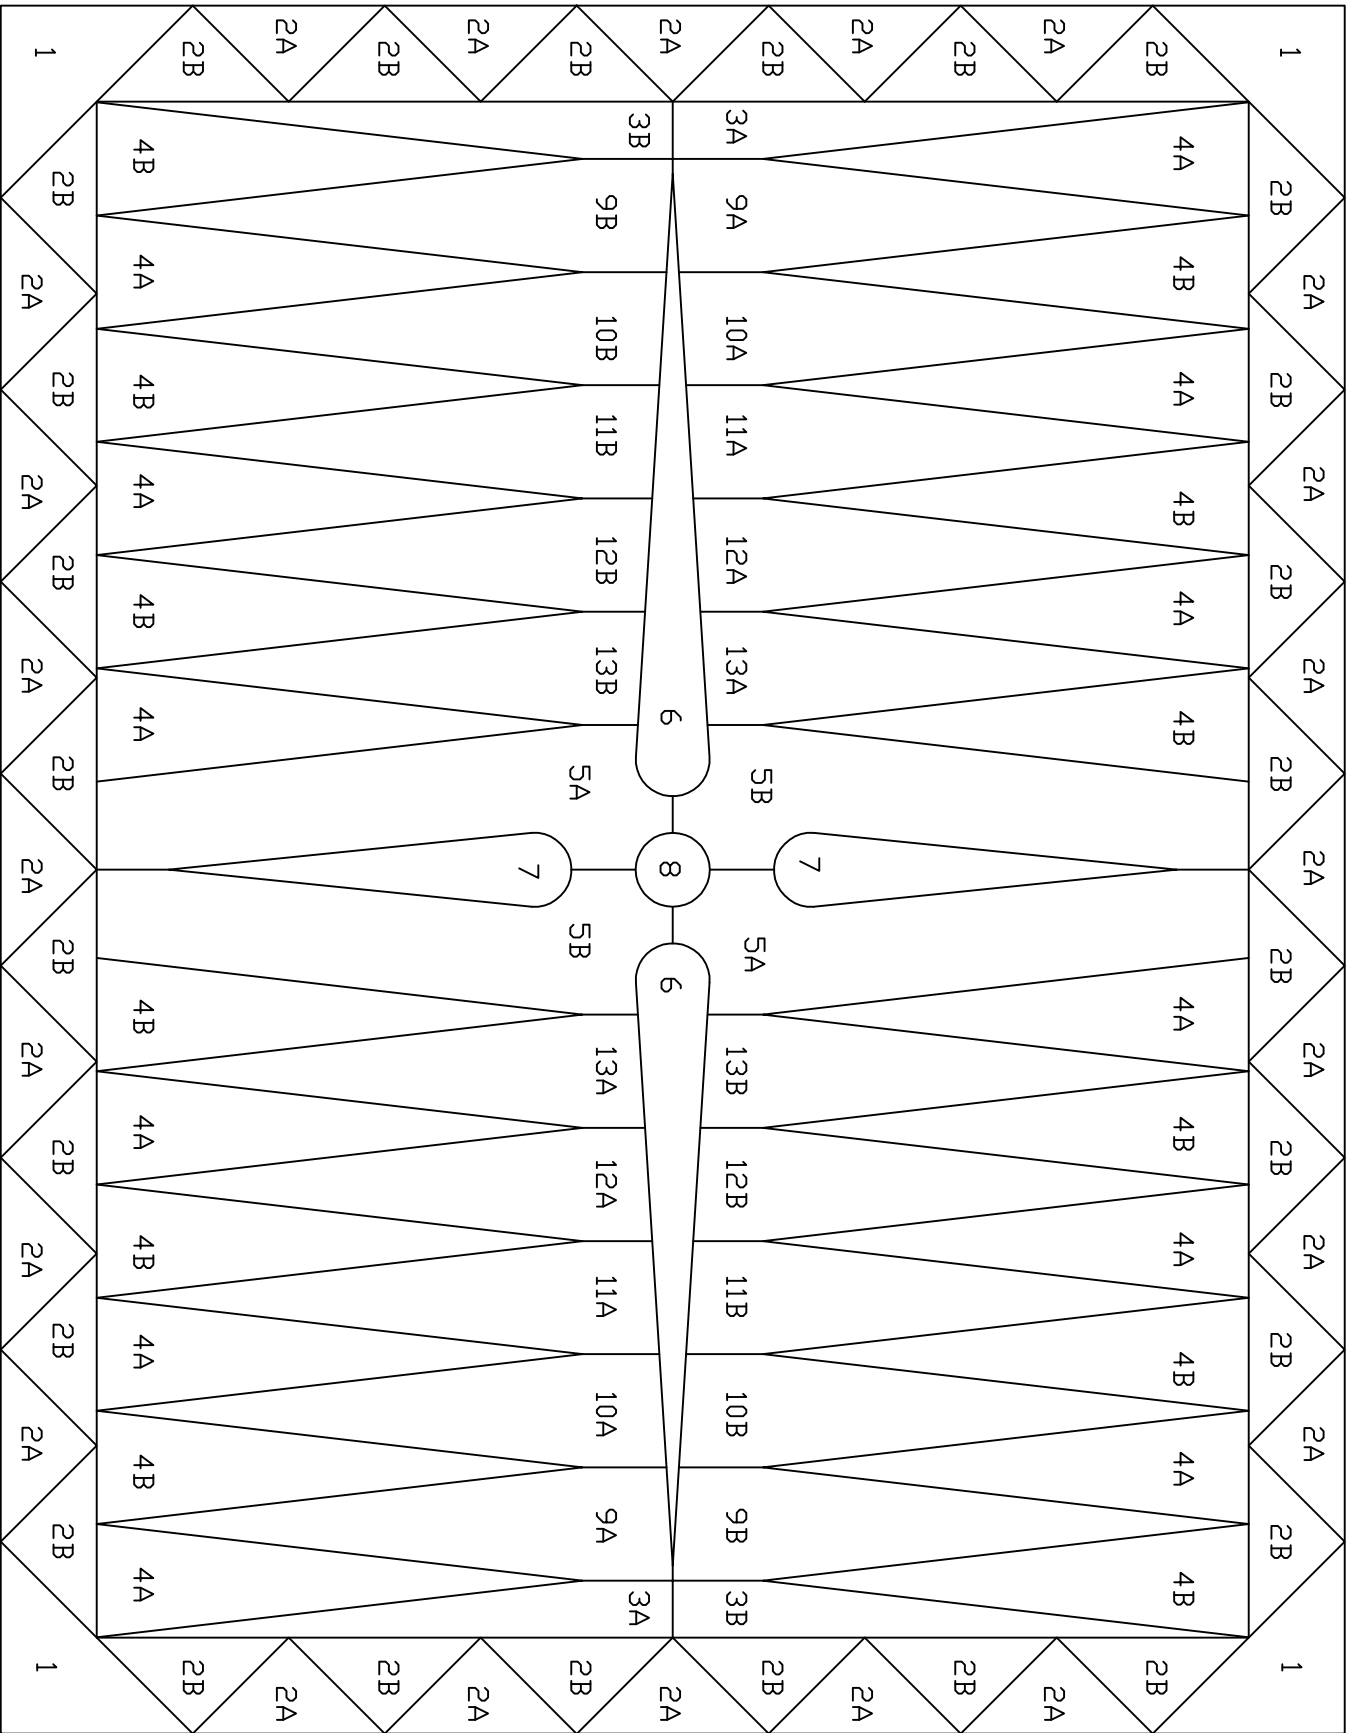

Most of the pages contain multiple piece cutting. In order to have all finished pieces the same size, and for the board to go together correctly, all items must be cut using the same methods throughout.

If you use the patterns as presented, the ideal cutting method is to follow each line so your blade cuts through the center of the line, this includes outside lines as well.

If you prefer to cut your pieces using the outside edge of the line as your guide, please separate all paper pattern pieces so they may all be cut alike.

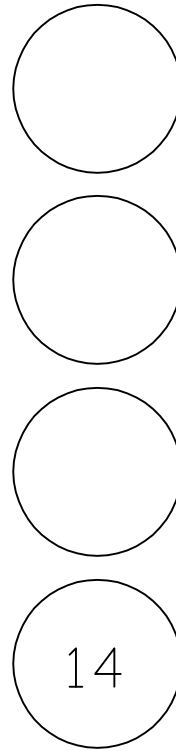

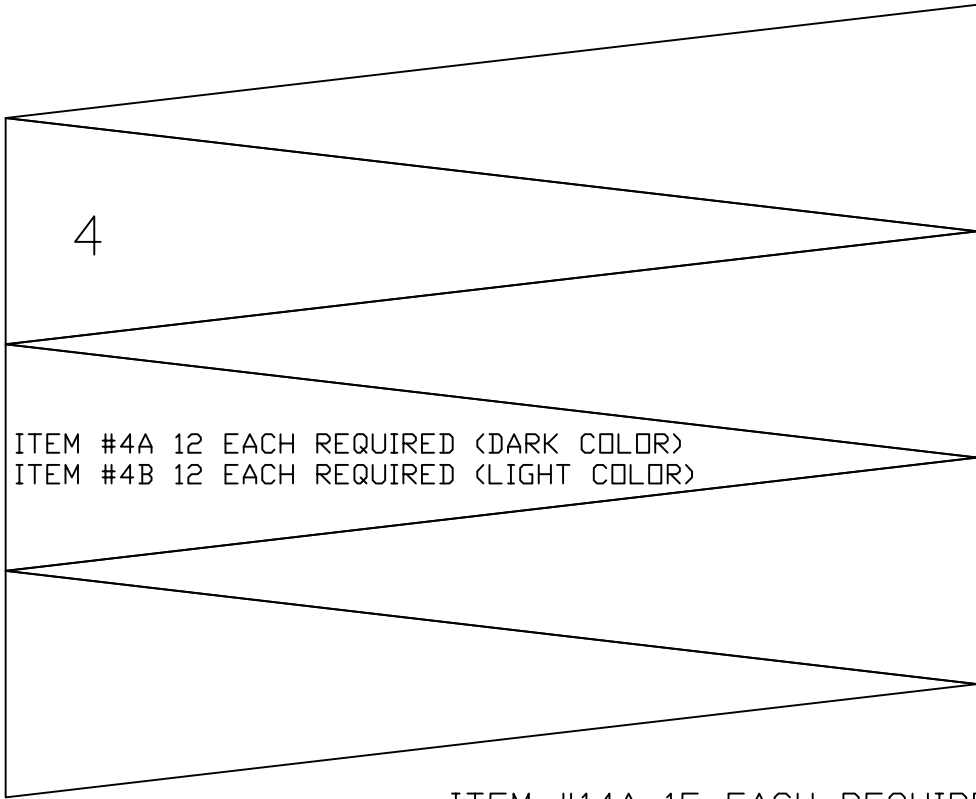

If you do not wish to cut out the game pieces, round wooden discs may be obtained at most hobby stores, and may be stained to match your board.

NOT TO SCALE: USE THIS SHEET TO HELP YOU POSITION YOUR PIECES AFTER THEY ARE CUT OUT.
