WP-758 COWBOY SILHOUETTE PATTERN

This design is fairly easy, as only the outline requires cutting. Using a spiral blade will help minimize rotating the material as you are cutting it.

1. Start with one piece of material at least 11" square. Cut pattern out. Trim all cuts with razor knife and sand with 150 grit sandpaper. Stain, or paint as desired.

2. Attach metal hanger to back. Hang on wall.

Another method:

1. Start with 2 pieces of material at least 11" wide x 11" long.

2. Cut the pattern from one piece. Trim all cuts with razor knife and sand with 150 grit sandpaper. Stain or paint as desired.

3. Hot glue contrasting felt to uncut piece, then glue the scene to the felt. Add metal hanger to back.
