Slice or paint as desired.

Correctly. Sand as required for fit.

Align all cut pieces on an uncut pattern copy to make sure all fit properly. Once your pieces are cut, cut out each piece to be cut from several of your copies for all pieces. Follow the grain direction. You may need to cut pieces from several of your patterns. Make several copies of the pattern prior to cutting out pattern. Tape two sheets of your printed pattern together at the match line.
all edges, and paint all interior areas to your taste.

The CrossRose, cutting only the outside outlines. Carefully sand lines onto your material for painting. Use your scroll saw to cut a piece of material about 8" wide, by 12" high, and trace all interior
