

WP-692
Elf on Toadstool

My favorite material to use for this pattern is Western Red Cedar. Many times the best variety of colors can be found in the fence picket pile at your lumber yard. Attach the various pieces of your pattern to your WRC material taking advantage of the color gradations in the wood.

- ← = Grain Direction
- lt = Light shade of wood
- md = Medium Dark shade of wood
- dk = Dark shade of wood
- w-g = White Pine or any white wood (stain green)
- w-r = White Pine or any white wood (stain red)
