WP-709 ELK MOUNTAIN SILHOUETTE PATTERN by OTB.

There are many ways to complete this project. Following are a few ideas to get you started.

1. Start with 2 pieces of material about 10" x 12" .
2. Remove everything marked "R" on one piece. Note: Many of the inside mountain shapes are fragile, and need to be cut carefully.
3. Finish the back board, and the Elk Mountain with contrasting stains, or paint as desired.

Another way to complete this project is to:

1. Start with a piece of material at least 9" x 10".
2. Carefully cut all pieces out marked "R."
3. Stain all "R" items with a light stain, and the Elk Mountain with a darker stain, or paint as desired.
4. Place all "R" pieces back in original positions. Raise the darker stained pieces about 1/8" for a shadow look. Glue together, and finish as desired.
5. Attach metal hanger to back, or cut out a simple stand from 1 1/2" stock (2" x 8 1/2") and cut a 1/4" x 1/4" groove down the center to hold the scene.
