This is a fairly simple project that can be used to practice cutting with a scroll saw. When finished, it will be an item anyone can be proud to display.

1. Start with 1 piece of material about 4 1/2" square.
2. Glue the pattern to the material. Drill 1/8" holes near the outside of each interior line and a hole near the edge of the outline to feed scroll saw blade through. Carefully cut, following all lines.
3. Carefully sand all cuts smooth. Use a razor knife to remove any slivers.
4. Stain, or paint as desired.
5. Attach a cord or colorful ribbon to hang.
