

WP-665 PARROT PATTERN by OTB.

Find more free or inexpensive scroll
saw patterns at www.otbpatterns.com

There are several different ways to complete this project.

1. Start with 1 piece of material about 6" w. x 8" h.
3. Glue the pattern to your material and carefully cut each of the pieces out following the outline. Sand all edges.
4. Stain or paint all loose pieces a different color than the large piece.
5. Replace all pieces in their respective cut-outs and raise each piece 1/8" above the material. Glue all into place for a shadowed look.
6. Finish with clear sealer. Attach sawtooth or similar hanger to the back.
