WP-699 Christmas Tree

Material size requirements: 12" x 24". This pattern is sized for 3/8" thick lumber, or plywood. Adjust cut-outs as necessary for different thickness.

1. Print out all three pages of this Christmas tree pattern. Tape pages together using the cross on each page as a guide.
2. Cut on broken line to separate trees.
3. Use spray adhesive to attach your pattern to the material.
4. Sand, and paint as desired. (Paint garland, ornaments, candles, snow, or plain green.)
5. Slide two pieces together. (May be glued, or left loose to slide apart for storage.)
6. As a center piece, encircle your tree with evergreen branches, and pine cones, or place a candle nearby.
